Customer Reviews

One of the best I've read in a while ... the characters are very well developed and you can't help but like them. Then of course there is the lust factor when thinking of Logan. Oh, to meet someone like him! The story was a little different from the norm and very enjoyable ... just finished my second reading of it and I'm still impressed and happy with this book. Can't wait for the author to write some more books.

I so enjoyed reading this book and feeling the characters come to life. Learning to like each other and growing to love each other - some scary bits and some sad bits but mostly heading toward a future together. Great read.

What an interesting story, of course you'll have to read to find out the details. Stella Andrews wrote a great story, great characters, lots of twists and turns and hot scenes. I'll definitely be watching for MORE!!!

Loved the storyline. It was unusual and different. Characters were perfect. Plenty of hot sex but not over the top. Just enough twists and turns to make the story interesting. Looking forward to more stories by this author.

This book has believable characters with some different twists. I liked the self discovery by Samantha, she had to reach deep. I would read it again and I look forward reading other books by Stella Andrews.

Very sexy read. Totally enjoyed this story. The author certainly did not hold back on the sexual situations. I would definitely recommend this book if you like vivid sexual description.

Loved this book,, it has great character build-up that makes you feel sad for the heroine in the story. Then she meets her match in the Dom who loves her warts and all!!!!!! Fantastic read highly recommend this book.

A very sexy, hot love story about a woman who plays out fantasies. Plan to read it in one sitting because this one is hard to put down.
