I thought this was going to be a nice coloring book to color but most of the coloring is already done in grey and when you try to color over the grey it looks bad. I have ordered plenty of adult coloring books from but this is one i would not order again. I Was Going to return it but the return process can be a inconvenience at times.

Nice pictures. Easy to color. I was a little weirded out by the fact that items were shaded with grays in the factory print, that you color over, when you may not want it there or not.

Coloring Book???? Lightened black and white photographs.....not what I have experienced in any other coloring book. Very disappointed.

Every picture is Barn, tractors, and broken down junked cars! Not my idea of beautiful country landscapes. Sorry!

I bought these for my grandpa and he absolutely loves them. He's constantly coloring in them. Great landscapes with plenty of variety!

Great adult coloring book . Bought for an elderly man with dementia and he loves it.

It looks like the printer was about out of ink. Hard to see what to color on the buildings.

It's just a book of VERY faded black and white photographs. I wish the book had that warning on the cover.
