Customer Reviews

Anita J. Ellis is the curator of decorative arts at the Cincinnati Art Museum, where she has spent 16 years studying Rookwood Pottery.

This book is an excellent reference for anyone with a serious interest in Rookwood. I was hoping to find a photo example of a vase I was researching, and it wasn't shown but the book did help me identify the type of glaze. I was somewhat disappointed that finisher's dots were not discussed anywhere in the book, something I'm still searching for a good guide to. Nevertheless there is plenty

of useful information here.

The book was delivered in a very timely matter and just like Anita said it was in excellent condition!

Great descriptions and beautiful photos of the various glazes, including charts of the years that each glaze was used. Book also includes info on decorators' marks. All in all, an excellent reference book.

Discusses the artists, the company, the glazes and the trends. Way too much to mention here. Get it - use it.

This book is a very good reference for Rookwood enthusiasts. I bought one, then bought another to give to a friend. Highly recommended.

This is THE book to get if you are just learning about rookwood, but if you are searching for a price guide, That is this books only weak point. I was able to meet Anita J. Ellis in person, and even then, she dosen't like to put a price on it.
