Customer Reviews

Lovely book. Lovely and informative even though I have done this for a while, and though this is a beginners book, I did learn some things and certainly enjoy looking through and reading it again.

Wonderful addition for my calligraphy library. Even though I'm not a novice in illumination, I really enjoyed this book. Thank you.

Another nice addition to Illumination collection..

Just as informative as her book on calligraphy, well set out step by step instructions on reproducing painted initials, borders etc.

This has turned into one of my favorite books. I did not know what to expect when I ordered it, but I was more than pleasantly surprised.
