I grabbed this book for my sister because she was planning to travel Europe early next year. One of her itinerary list is Malta. She was never been here and was so curious about the place. This book will be her guide on what to expect in that place. Interesting guide book.

this tourist guide just revealed that malta's small archipelago but has something to boast. i will use this on my next tour. it's convenient enough and the complete details hastened my decision to visit it.
