Companion Book For Translators And Interpreters: The 1000+ Key English-Spanish Legal Terms You Will Need To Know

Synopsis

While preparing for an interpretation related to legal matters, or if you are translating a legal document, this book can be a helpful resource. Take it with you as a companion! It will be there for you if needed. It will also be at hand during the interpretation, should you need to quickly look up a term. It contains only the most frequently used legal terminology in English and Spanish.

Best Sellers Rank: #196,606 in Books (See Top 100 in Books) #78 in [Books > Reference > Words, Language & Grammar > Translating](#) #54909 in [Books > Textbooks](#)

Customer Reviews

For more than 25 years, José Luis Leyva has worked as a translator and interpreter in various technical areas. His vast experience in bilingualism has allowed him to interpret for Presidents, Latin American and US governors, ambassadors, CEOs, judges, prosecutors, forensic experts and attorneys. He is also the author of other books, including technical terminology books of the Companion Book for Translators and Interpreters series.

Exactly what I needed. An excellent resource for paralegals who need legal phrases and terminology in Spanish.

Helpful, it's in general a good dictionary.

I thought I'd left feedback. It was excellent. I got it really quick and the transaction was very smooth. I REALLY like this book. It's been a huge help! Thank you!

I love it. Easy to carry and it has the vocabulary I need for Court Interpreting. I wish I would have

gotten it sooner.

This is the book that I was looking for. It is very useful for me. The price was good. Arrived in excellent condition.

This is based on the pages that are excerpted here. Most of the translations are fine but the author does not distinguish between the different meanings some terms have, which could really get someone in trouble if they don't already have the background knowledge needed to read this book critically. Example> Two of the translations provided for "Argument," refer to one meaning (the lawyers presented their ARGUMENTS to the jury) and the third is a translation of argument as in a dispute (officers were called to the scene of an ARGUMENT). The problem is that these three translations are listed together with no distinction or guidance provided as to which goes with which meaning. So someone who doesn't already have the background knowledge to make these distinctions could produce an inaccurate, incoherent translation using the incorrect translation of the term. Similar issues arise with the entries on "assessment" and "appearance." This book looks too basic for anyone who already knows what they're doing, yet not basic enough for the beginners that might benefit from its simple format...

No caution AT ALL! This book shows the most commonly used legal terms. It does not give you many instances, which I like. Great book, indeed.
