The Kosher by Design cookbooks are a constant in my house. Other Kosher cookbooks come through my kitchen and I end up giving them away because they don't live up to their pictures. The KBD recipes always come out! I don't have to "test" them before I make something new when I am hosting, because they are reliable. When I got the last cookbook of the series last week I was really excited. The section that struck me the most was the soups. Even though it's 80 degrees out I told my family we are eating soups all week. I made the Pistou soup last night and it was so flavorful and hearty. My daughter who cried the biggest moan when I told her dinner was soups ate two bowls! I'd call that a KBD win.

another great cookbook from Susie. sorry to see the series end. I have used and enjoyed them all.

Excellent recipes and photos.

As with her other cookbooks, the recipes are approachable and always turn out well. The cookbook is beautiful, featuring amazing photographs of every recipe. I love it!

Susie Fishbein has saved the best for last! Kosher by Design Brings It Home is a gorgeous cookbook filled with amazing, easy-to-make recipes inspired by her travels around the country and the world. This cookbook is for everyone who loves to cook, NOT just for those who keep Kosher! The photographs are beautiful and every recipe is mouth-watering, using commonly available ingredients that you might not have used before but should! I read through Brings It Home as soon as I received it and I can't choose which recipe to make first--I'm going to have to start at the beginning and work my way through the entire book. Bravo Susie!

great

Great cookbook. I have most of the series. The one geared to children I gave to my grand daughter.

All of her books have great recipes! Haven't made anything yet from this book but will!
