Puccini Arias For Tenor: Cantolopera Collection

Synopsis

(Vocal). Cantolopera is an exceptional new series of book/CD packs from Ricordi that offers a fresh approach to great opera repertoire. The books include versions for voice and piano of the world's most famous arias. The CDs feature two versions of each aria: one with a 130-piece orchestra providing accompaniments to allow the professional, student or opera fan to practice, and another sung by an established artist for reference. Each volume contains the lyrics of the arias, plus a short plot summary and background information on the orchestra and the performers.

The five stars are for the CD orchestral backing. Lush, emotive and great for singing to. The sheet music itself is not so clear, but usable - better to get the usual top quality editions. I bought the Pucinni and Verdi first and have now ordered the Donizetti and Mozart, for the backing tracks alone. Great for any Tenor who wants to sing to full orchestrations, including ensemble choirs, for all of the most popular Tenor repitoire. It's the real deal in this department.

Practice is how a singer improves and Puccini is a challenging composer. The backing tracks are excellent and if there is any complaint some of the tracks are played in a fairly slow tempo. This, instead of making them easier make them more challenging but they may be a bit slower than you are used to practicing.Recommended for any Tenor who wants to push themselves a little with the

feeling of a full orchestra backing you up.

If you are a serious tenor or even an opera lover, you should definetely own this book. Can you imagine all the great Puccini arias together in one book? Well, your dream has came true, and there's a great cd for you to sing!
