Fractions Workbook Grade 5 Math Essentials: Children's Fraction Books

Synopsis

At fifth grade, math is becoming quite a challenge. It's almost normal to see students giving up on fractions so encouragement is a must. The nice thing about keeping this workbook is that it complement school lessons. It allows a child to learn on his/her own; thereby effectively eliminating pressure to pass or fail. After all, math is all about mastery through repetition. Secure a copy now!

Book Information

Customer Reviews

Baby Professor showcases a collection of subjects that would be educational for kids to help them learn how to do something themselves or shows how something is done or how it came about. Children love to learn through attractive visuals and Baby Prof. is the perfect starting point to get your child the head start he or she needs for the future. Our Motto - "Learning is Fun, so let's Make it Fun to Learn".
