Customer Reviews

New in plastic wrap - Loose leaf only

I liked the myths in the front and the summaries in the back of each chapter. I liked how it reviewed the standards expected of a Special education Professional.

Great info , the digital download is fairly easy to use

Amazing Book!!! I love the kindle edition- the highlighting, the x-ray of important terms, and the flashcards!

Bought it for class so I'm indifferent. But the book is in good condition. So that's all that matters to me.

I needed this book for a class I was taking. It was very informative and arrived in a timely manner.

Very deep and interesting textbook.A practical and easy explained analysis of special education.

Great book required for class

Buy a binder and put the loose leaf pages in it--it's worth the money you save!
