Great book. Used as guide for a trip I just to NYC. Nice photos. Fast delivery! Thank you.

I traveled to New York and this book was very expensive in the book store. I wanted something to review after my whirl wind tours of the city. This book was it!! Very fast delivery of the book. The book was just as described. I would use this seller again. Good job!

I gave this as a gift to a friend's son who is obsessed with NY. He was glued to every page with a big smile.

If you are looking for a 'tour' book of New York City that has alot more substance to it than many of the cheap, tourist paperbacks then this book is for you. The quality of the photographs is outstanding as is the construction of the book itself. All of the obvious choice of landmarks are included, but what is even better is the author/photographer includes many other landmarks that may not be as familiar to most visitors as they should be, and you will find yourself wanting to search out some of these 'new' locations on your next visit. Keep in mind that any of the photos in this book can be ordered from the author individually too. A great way to be introduced to New York or a great way to remember New York !

Beautiful photos and wonderful descriptions from Mr Morrone, an accomplished writer.

Great pictures with well written text. Nice to have for a trip to the city. Good value. Happy with purchase.

A delightful and beautiful presentation of New York City's highlights. Makes a great SMALL coffeetable book.

Beautiful book !
