The Best Book Of Bikes (Popular Mechanics For Kids)

Synopsis

The Best Book of Bikes is a multi-faceted and comprehensive look at everything to do with bikes. The Best Book of Bikes builds on the well-respected name of Popular Mechanics for Kids, which boasts a successful television series, website, and line of merchandise. Discover how bikes evolved from two-wheeled toy horses into today's lean, mean, pedaling machines. Meet some of the world's great cycling heroes. Delve into the mechanics of how bikes work. Get gunky as you become a bonafide grease monkey. This high-energy, entertaining, and informative book is a must for all bike owners. Features include: Incredible facts about the history, invention, science, heroes, and culture of bikes Lively language and illustrations demystify the mechanics of biking Easy-to-follow illustrations with simple step-by-step instructions show kids exactly what they need to do to maintain their bikes Amazing and off-the-wall biking stories, stunts, and feats pop up throughout the pages Interactive puzzles, games, and activities get kids thinking about the mechanics of biking An easy-to-use glossary of technical terms, such as crank, derailleur, and sprocket - valuable definitions in simple language

Age Range: 9 - 13 years

Grade Level: 4 - 8

Customer Reviews

Grade 4-7-This quality title includes a brief history of bicycles and an illustrated guide to mechanics, BMX and racing, maintenance, gear, and some basic rules of the road. Beginning bicyclists will find the breakdown of bike parts and tune-up tips especially helpful. A useful glossary is included, as are

numerous sidebars of "Fast Facts" and slang terms. A good balance of cartoon drawings and color photos enhances the text. A solid overview, written with a refreshing enthusiasm. Michael Giller, South Carolina Governor's School for the Arts and Humanities, Greenville Copyright 2003 Reed Business Information, Inc.

Diagrams are paragons of clarity... [Pinchuk's] information... is solid, the overview thorough. (Bulletin of the Center for Children's Books 200309) A solid overview, written with a refreshing enthusiasm. (Michael Giller School Library Journal 200310) Photos and diagrams complement the fact-filled text... Recommended. (Sherry Hoy Library Media Connection 20040115)
