## **Customer Reviews**

I have been watching David D. on BBC America for over a year and I am a real fan of his show, Bargain Hunt. I greatly enjoyed reading his book and learning more about him. He has taken what life has brought him and made a great success out of his experiences, good and bad. I wish I could meet him and be a contestant on Bargain Hunt. Here's to the Duke!

A great biography about one of Britain's most talented antique dealers and "showman". He is real and very much a character. His has facets to his personality that make him unique in today's business world. Great read!

This is a wonderful autobiography by the host of the great BBC America TV show - "Bargain Hunt"! David Dickinson has had a varied life from his childhood, his strict but wonderful "Nanny", finding out he was adopted, talking to and writing to his birth mother but never meeting her and his time spent in prison! Some passages are humorous, compassionate, and serious! He values those mistakes he made because he learned from them and he speaks to groups about this. As an agent for his wife Lorne, an entertainer, he has met extraordinary people and in his business as an antique dealer! Throughout this book you get to know him and you'll wish you could meet him and be his friend! I highly recommend it to every reader whether you've seen the show or not!
