Synopsis

Jocelyn washes up on the shore of eighteenth century Ireland, alone, naked, and missing all of her memories. Taken in by a lonely old woman full of plots and schemes for the lovely yet enigmatic creature, Jocelyn knows only one thing. She longs for the sea with every ounce of her being. Yet it tried to kill her. Aidan Boyd loves two things. His ship and the sea. When Jocelyn is thrust upon his vessel in the midst of his superstitious crew, he finds himself intoxicated by her – willing to give up everything for her. He soon finds he cannot live without her. Customer Reviews

I am always a fan of a good fictional love story, but I find myself getting bored with many stories that are predictable. So I was looking for a book that has a love story with an interesting twist, and I have found it in this book! The author does an amazing job giving the reader clear details of the environment that I felt like I was one of the bystanders in the story. The characters were well

developed and believable, and I found myself have strong emotions and feelings depending on which characters were in the chapter (ex: anxious and uneasy with Thomas; comfort with Aiden...etc). The storyline was enthralling, and I often found it difficult to put the book down because I wanted to know what happened next. I definitely recommend this book, and I look forward to reading the next book to find out where the cliffhanger storyline picks up.

I'd give this a 4.8 if I could, but a 5 will do. :) This was definitely an unpredictable yet captivating mystical love story. Sarah Armstrong Garner deftly captured a deep soulful love into one volume-- a feat many authors attempt but cannot achieve. I haven't read many mermaid novels in my life, but this story is captivating. It encapsulates a global perspective of the mermaid world--not just your typical Ireland mer-tales. I'd give it a 4.8 simply because I am upset that I have to wait for the second book to come out. "Not knowing" is difficult. It's like I'm drowning... Sinking in agony as I wait for the next launch...

I really enjoyed reading this book. Throughout the story, I kept wondering who Joceyln is and what makes her so mysterious and captivating to everyone she meets. Little by little, the picture became clearer. I enjoyed learning about the various characters and sometimes wished it would delve a little deeper into their back stories but the book flowed very well. I found myself rooting for certain characters but changing my mind as the book progressed. I'm looking forward to the next book

I loved this book and could hardly put it down. The only bad thing is that now I have to wait for the second book. The story is compelling and unique. Almost makes me believe in mermaids! The characters are well written & settings are described in such detail that it's easy to picture them in your mind. The plot continues to build throughout the story and kept me wanting more. Can't wait for book two!

Love this book. Kept me intrigued the entire time can't wait for a 2nd one!

I 100% love this book! I couldn't put it down, can't wait to read the next one! All I can think about is Jocelyns world and the people in this story, very captivating! The book is beautifully written!

I really enjoyed reading SINKING by Sarah Armstrong-Garner. It was fun and adventurous and I can't wait till her next book comes out!

Amazing story. You got lost in this amazing world Sarah has created. I can't wait for the next book.
