"Jerry Jenkins delivers a stirring and exciting novel...Soon is a must read for anyone who follows the Left Behind series or for those readers who love futuristic thrillers."

Jerry Jenkins' novels have sold more than 55 million copies since 1995. He is the author of more than 150 books, including the phenomenal mega-bestselling Left Behind series. Eleven of his titles have reached the New York Times best-seller list and have also appeared on the USA TODAY, PUBLISHER'S WEEKLY, and WALL STREET JOURNAL best-seller lists. Desecration, book 9 in the Left Behind series, was the best-selling novel in the world in 2001. Millions of loyal readers have been eagerly awaiting Jerry's newest supernatural thrill ride into the future.

I found the Left Behind series very entertaining & this is my first opportunity to read the prequel. Soon smoothly related the story of Paul, a character drawn from Saul in the New Testament. Paul torments Christians in a world that doesn't allow the practice of any religion. Paul is married but doesn't take his marriage too seriously & his wife know he sees other women. The story of Paul gets interesting when he is chosen to investigate & set up Christians who gather to worship. Paul is eager to prove his loyalty to the government & show how much he hates religion, especially Christians. The story is interesting enough to continue to the end. I will begin the second book. Recommend to anyone who has read the Left Behind book series.

The kind of book to plan to read when you can take it all in at one time. It gives you a lot to think about.

Very good book, can't wait to start the next in the series. God is an amazing awesome God! Even in fiction!

Love the way Jerry pulls real life events into his books! While some of it seems way out of touch it could very well happen! Makes you ask the question "where is my relationship with God? Love the adventure and that I can't wait to read the next one.....

I got this free on my Kindle. When I started reading this I felt like I'd been dropped into an unknown world. I couldn't get my bearings with the story for at least the first third to half of the book. I loved the Left Behind series and read every book published. Yet, this book was a disappointment. I didn't really care for any of the characters on a personal level, and I have no desire to bother to continue on with the series.

Oy. This is a strict christian novel. I slogged through this but I'm not interested in the continuation.

Enjoyed the book. It was a little slow in the beginning, but once I got into it, the story line was really good. I would recommend that anyone would enjoy the entire series. My only problem was that I kept hope for additional books to complete the series. Maybe that was because I enjoyed it so much!

Love the different take on the end times. Can see around us how this is coming to be. I would be surprised if it didn't happen in my lifetime.
