Synopsis

'Robert Twigger is not so much a travel writer as a thrill-seeking philosopher' Esquire
The Himalayas beckon and we go ... Some to make real journeys and others to make imaginary ones. These mountains, home to Buddhists, Bonpos, Jains, Muslims, Hindus, shamans and animists, to name only a few, are a place of pilgrimage and dreams, revelation and war, massacre and invasion, but also peace and unutterable calm. In an exploration of the region's seismic history, Robert Twigger unravels some of these real and invented journeys and the unexpected links between them. Following a meandering path across the Himalayas to its physical end in Nagaland on the Indian-Burmese border, Twigger encounters incredible stories from a unique cast of mountaineers and mystics, pundits and prophets. The result is a sweeping, enthralling and surprising journey through the history of the world's greatest mountain range.

Customer Reviews

Park cultural anthropology, part history, Park travel writing, part adventure story. Because of this the book does not entirely hang together; there are many interesting parts but they do not amount to

much of a whole.
