The Eckhart Tolle Audio Collection

Synopsis

With his first book, *The Power of Now*, still making the bestseller lists (including the San Francisco Chronicle's) over a year after its publication, Eckhart Tolle continues to reach listeners from all walks of life with his simple and profound message: that only in the present moment can we free ourselves to seek our highest potential as human beings. Now this gifted teacher's most useful audio sessions are available in one convenient resource, with *The Eckhart Tolle Collection*. This new slipcased gift edition includes: *The Realization of Being*; *How meditation opens the entry point to stillness*, our greatest spiritual teacher, allowing us to merge with this moment in time; *Living the Liberated Life and Dealing with the Pain-Body*; *Points a way out of the conditioned mind that keeps us trapped and unhappy*, to a deeper level of consciousness beyond thought; *Even the Sun Will Die*; Historic interview recorded on September 11, 2001, shows that even in the face of disaster, a miracle happens when we say "yes" to living in this moment and no other. --This text refers to the Preloaded Digital Audio Player edition.

Customer Reviews

The person I bought this for was delighted to be given this useful guide to a happier way of being. Having read the book previously, she told me that this audio collection helped her through a difficult time in her life, and it was easy to access the wisdom therein during her commute to work and back. I thoroughly benefitted from reading the book myself and would read it or listen to it again. I found it life expanding, thought provoking and comforting.

Excellent for listening when resting\relaxing. very useful information\philosophies.

They are great while driving - A super learning tool.

All that I hoped for. Audio was excellent.

I have listened to these CDs over and over again - and I recommend you do too. Each time I hear something new and powerful. Eckhart is truly a spiritual director pointing the way for each of us.

Excellent audio collection. Absolutely fantastic to listen to when driving. Delighted I bought it.

it has changed my life thank you Eckhart for your dedication to help people change their lives.

Eckert Tolle can be difficult to understand at times for me and particularly so with his talk on The Pain Body. His CD on that subject made the Pain Body all the more easily understood.
