Irish chef Kevin is known for his fresh and rustic approach to eating and this beautiful book will fill you with enthusiasm for his way of working. [Great British Food](#)

One of Ireland's best-loved chefs, Kevin Dundon can usually be found busy at work in the Dunbrody House kitchens and cookery school. A chef with a love of locally sourced produce, he has cooked for many well-known celebrities during his career, including Queen Elizabeth II, President Bush and Bono. In 1994, Kevin was head-hunted to become Executive Head Chef of the Shelbourne Hotel in Dublin, widely recognised as one of the most prestigious chef appointments in Ireland. In 1997, Kevin and his wife founded the Dunbrody Country House Hotel, which has become synonymous

with contemporary Irish country house cooking. The award-winning hotel also hosts Kevin's cookery school. In 2008 Kevin put his name to MGM Grand's new restaurant venture Raglan Road in downtown Disney, Orlando, establishing a fanbase in the USA. The following year saw Great Family Food hit the bookshops, followed by Recipes That Work in 2010. Over the past few years Kevin has appeared on numerous TV channels including ESPN Cable, CBC (Live) Canada, RTÉ (Live) Ireland and No Frontiers Travel Show. Kevin's profile soared in 2011 with his role as Resident Chef of RTÉ's hugely popular The Afternoon Show every week, and he is also a regular on Irish radio. Kevin is the food ambassador for Ireland's leading supermarket chain SuperValu.

Good cookbook. It takes a little while to get used to the metric measurements even though the regular measurements are right there too. But his recipes are easy to follow and are really good. Some I have not made before and it was a pleasure to try something new and have it taste as good as the picture. I will recommend this cookbook to everyone especially a beginner cook.

So excited! Good food, keeping it simple! Great cookbook, appropriately named back to basics bible. I haven't cooked in a long time. Kids are gone more than a decade. Miss cooking good foods, plus some new recipes and all the basics that you do when you cook all the time that you do automatically. This book brings you back with confidence.

Kevin's "Back to Basics" is a great instructive book. I love his idea for poached eggs. I wonder why other chefs have not discovered his trick.

My wife was so happy to receive this cook book for her birthday but I'm more excited about her cooking the recipes

I enjoy watching Kevin on PBS, and his book is easy to read and informative.

As described, this was a gift and she was very happy with the book. It was in great condition and delivered at the time promised.

Just love Kevin Dundon's book. I have tried several of his recipes from the book and they are wonderful. Easy to follow the directions and success with the recipes.

Love the journey through simplified recipes and decadent results. I bought this book for my young nephew and his fiancée! They really enjoy it!
