# Naval Air Station Pensacola (Images Of Aviation)

## Synopsis

A sign at the gate of Naval Air Station Pensacola (NASP) welcomes visitors to “The Cradle of Naval Aviation.” And, indeed it is. The world’s first naval aeronautical station, it came into being when the USS Mississippi (BB-23) arrived in Pensacola on January 20, 1914, with seven aircraft, nine officers, and 23 men. Today, NASP is a dynamic, active station, hosting several schools and several branches of the US military. It is also the home of the Navy’s Flight Demonstration Squadron, the Blue Angels, as well as the renowned National Naval Aviation Museum (NNAM), which displays more than 100 years of naval aviation, from a replica Curtiss hydroplane to the F-14 Tomcat.

## Book Information

Series: Images of Aviation

## Customer Reviews

Although collected from multiple sources, the vast majority of images in this book are part of the collection at the Emil Buehler Library at the NNAM and show the amazing development of naval aviation from its infancy through the jet age. Maureen Smith Keillor earned a bachelor of arts in history with a minor in English in 2011. AMEC (AW/SW) Richard P. Keillor, MTS, enlisted in the US Navy in 2001 and is currently a lead instructor for his rate, AME, at the Naval Aviation Technical Training Command at NASP.

I bought this as a gift for my grandfather, who was stationed twice at NAS. The photographs are

outstanding quality and the captions are very informative. He loved it!

Very informative as are other books in this series concerning Naval Air Stations. Lots of pictures and History. Well done!!

Brings back sweet-sour memories!

Outstanding work detail the rich Naval culture and history surrounding Naval Air Station Pensacola. A credit to Naval Aviation heritage.

Rec'd in timely manner as described. Thank you!!!

Excellent book, Pictures are top notch, brought back memories. The background information with the pictures told it like it was.
