## Customer Reviews

Beautifully bound and illustrated civil war volume featuring Fredericksburg to Chancellorsville.

This book is much like the other fine books of Time Life . It gives a very good overview of the battle and have great photographs of the battle area. Most individuals will find this book helpful in their quest for information on the battle of Fredericksburg.

The Time Civil War Series is a great comprehensive overview of the the Civil War from the causes up through reconstruction. *Rebels Resurgent: Fredericksburg to Chancellorsville* is an essential part of this series as this is the period when Lee's Army of Northern Virginia was at its best, not only defeating the Army of the Potomac, but literally fighting circles around them despite being at an extreme numerical disadvantage. Mr. Lincoln on the other hand, possessed his biggest challenge of the war: finding a commanding general in the east, who not only would take the fight to the enemy, but do it in a competent manner. Casualties were high, and results and morale were low. Again, a great book, illustrated in a correlating manner.

Rejoice. The Civil War series for all time.

Tremendous quality for the price. Got it as a gift for someone else but like it so much going to keep it five stars if it had shipped a little quicker. Would order more in the future.

The most effective period of the war; the book showcases the operational brilliance of General Lee and his subordinate commanders.

While not a substitute for real study, a good quick reference for the people ...sammy

Book arrived in great condition.
