Customer Reviews

Great to pretend decorate a room. It is an outlet for my creativity.

Love this book, so many different styles and looks on each page. Love that it has more than one outfit on every page as well. I would love to see more books like this, but maybe have some of the clothes have a pattern on them. And maybe a little bit more recent fashion trends like BoHo style and stuff like that.

I bought this for my mother. She's currently enjoying it very much. Good purchase.

Got as gift for wife - she loved it.

Awesome, great pics and high quality paper!

I guess I expected more. I'll color in it, but not really what I thought it would be.

love it

Excellent
