## Customer Reviews

I am a HUGE Titanfall fan, and this awesome book is a perfect companion guide, with it's gorgeous cover, imagery, and texture!

Met all expectations

Awesome book and awesome price

More details. You won't need it if you're a gamer. If you're not a gamer it won't help either. However, it is Titanfall and I'm obsessed

A very nice guide.

Pleasant surprise. This guide is pretty informative as far as the campaign is concerned and is very helpful for the current game modes/maps. Unfortunately PC is having a rather slow start so only like 3 modes are playable at the time of writing this, something I hope changes down the road. The calendar is on the smaller size and is mainly images of scenery from the game, no logos in them to know what they are from, just images, out of 14 pictures, 3 of them contain Titans. In the middle of the calendar you have a full sized picture of a pilot, so if you don't like the calendar you can turn it into a poster, or if you use it and are done with it, you can turn it into a poster. Either way, thought that was cool. The book itself is quality made, has a nice finish to it similar to my other CE guides I own like Witcher 3 and Dark Souls 3. I was just impressed they had so much to write about considering the size of the game ;P Lots of background information, secrets, lore and weapon statistics/strategies that can help improve your game on and offline. I am satisfied with my purchase. If you like Titanfall, I recommend this guide.

The product was very sharp and smooth when cutting thin slices of bread. I will come next time. My sister, Very well. so fast, receive it next day ,

It's... Awful... The problem is, there seems to be too much mistakes in production, wrong icon, wrong name, etc. Personally I think it's worth nothing. I was buying it as a secondary Art book, but it doesn't seem to have that value. Guide is more useless than the internet anyway.
