# DIY Household Hacks: 101 Proven Household Hacks To Increase Productivity And Save You Time, Money And Effort

## Synopsis

Discover proven methods, steps and strategies to make cleaning your home faster, easier and with fewer chemicals! This book will help you become a better housekeeper! Instead of spending lots of time and money on cleaning products full of chemicals, you will learn tips, tricks and recipes that will make your home spotless and an environmentally friendly place. By using this book, your cleaning life will be more efficient, safer and less time consuming! These days there is no real need to spend large amounts of money on cleaning projects, use piles of chemicals or spend hours laboring to have a clean home. A few tips and tricks make a huge difference. Using natural cleaners whenever possible can save you money; is more effective and much safer than using harsh chemicals. Our houses have to be cleaned, there is no doubt, and cleaned fairly regularly. Regular cleaning keeps our homes in good condition, our families healthy and creates a happy environment. Using the best tips and tricks, along with time-saving methods can make this chore much easier. When you use natural, safe products and easy cleaning methods, every member of the family can partake in keeping the homestead clean and healthy! Some of the "Hacks"™ you will learn about in this book: How to clean your dishwasher, coffee pot, blender, cast iron pan, wooden cutting boards, electric grill (Foreman Style) as well as oven burners naturally. How to clean granite, stainless steel and soiled cabinets without toxic chemicals. How to keep glasses sparkling without residue. How to make a natural tub and tile cleaner. How to prevent mirrors from fogging up. How to prevent mildew on shower curtains. How to easily and quickly unclog drains and toilet. How to kill mildew naturally. How to make your own deodorizing discs. And Much Much More! Simply scroll up and click the BUY button to instantly download your copy.

## **Customer Reviews**

This book is a good and very useful guide in cleaning. There are lots of strategies and tips including in this book. It really save my time and my money. I can find things or materials that I already have and use them to apply the cleaning. This is like all in one. Thanks

Pre-read a couple times, and these simple and natural cleaning hacks will become part of your (simplified) life- like second nature. I knew some of those, others I discovered, I find it exciting to be able to avoid using chemicals in the house. There's enough pollution nowadays we simply cannot avoid in the outside world, at least we have the choice in the sanctuary of our homes!

I found much information inside referring to household cleaning hacks. I'm glad for that. But it turned out to be more of a larger pamphlet. Guess I was just hoping for more for my money.

This book has been very helpful. I've been trying to get rid of the vomit stains and that tip alone has been worth the price of this book. It has a lot of tips and tricks for almost any kind of surface to clean.

Never learned so fast! Great book and great entertainment. I love the suggestion and will use it more!  
Great job!

Tons of great advice.

Love it

I'm always looking for ways to save time and money. So I'm glad I found this book. "DIY Household Hacks" is loaded with tips, ideas, strategies, and techniques, to help you become more efficient around the house. I really like the section on kitchen cleaning hacks- Thanks!
