Debby Kratovil has published more than 1,000 articles about quilting and has created hundreds of quilts, many of which have been featured on magazine covers. She enjoys teaching, and her students can expect clear instructions, good handouts, and lots of fun.

I love that each day I see a new quilt block with the directions for making it. Without a day of week or year printed on the calendar, it is timeless and fun to look at 365 quilt blocks. If only there was enough time to make them all!

I have recently become "addicted" to quilting and this calendar gives me a "present" of viewing beautiful quilt blocks each day of the year. I have already found several I want to make. The pages are colorful and I like how it shows you to cut the material and put the block together. The only thing more that I would like to see is a small picture of several of the blocks put together on a page to get

a visual of what a quilt or wall hanging would look like made with that particular block.

A gift for my mother - it is absolutely wonderful!

More star pointed blocks than I would prefer.

I am familiar with the product It arrived in good timeThankyou

Unique & fun calendar to be used year after year!

Nice patterns
