Customer Reviews

I bought 3 of these because I've gone to 170 concerts. As I started to fill in the first book I noticed that my numbers were off from the journal. There is space for 81 concerts in the journal. The table of contents skips page 16 which would be the third concert in the book. It's not a deal breaker because the idea of the use of this book is perfect. It's clearly a publishing error. I would love to replace the ones I bought if the error is ever fixed. Especially because this mistake makes the description incorrect. I'll probably fill in the book as is but only go to number 80 in each. If the error is

fixed it's definitely 5 stars. If you go to a lot of concerts like I do you will appreciate this journal!
