 You think it's safe to walk alone at night. It's not. You think the only threat is other humans. It's not. Monsters are real. Demons are real. Vampires are real. And I'm about to become one of them. My name is Arianna Spero. I was an ordinary girl, living an ordinary life, until my mother lapsed into a coma. Now, I am her only hope. Customer Reviews

I received an arc book in exchange for an honest review. I was blown away, I absolutely loved Vampire Girl. It is awesome in its own right. Come on now it's Karpov Kinrade! They do such a great job as a duo. I loved Ari's character, the story line, Asher, Baron, and omg loved, loved, loved Fenris Vane. I wasn't expecting some dual pov but they were done very well. I really didn't want to put it down. Now I can't wait for the next book: (The story is about Arianna Spero "Ari" who is working hard to keep her and her mother afloat. She's secretly quit college to work 3rd shift full time at The Roxy to keep the bills paid. On the morning after her 18th birthday she comes home to find her mother in a coma. Ari discovers her mother had signed a contract with the King of Hell (Inferna) for reasons of her own, now her time is up and her soul is a prisoner of Inferna. Leaving Ari no choice, she signs a contract of her own that she will date all 7 Princes of Inferna, a month with each Prince, in exchange for the release of her mother's soul and her hospital bills to be paid. She will then have to decide which Prince she wishes to marry and give an heir to. As fate would have it, the person she chooses will become the King and her the Queen of Inferna. She has 7 months before her mother's soul will be released, Ari's life is on the line and the world of Inferna hangs in the balance.

This book was fascinating offering a little bit of everything, mystery, intrigue, the paranormal and romance. I lost myself within the first few moments getting caught up in the world Karpov Kinrade was pulling me into. I love Fen and I'm really rooting for him. Arianna is the perfect heroine, feisty, strong, and unbreakable in her own right. A must read.

This was a great story. I really love how they twist the idea of Hell. The seven princes of Hell are aptly named after the seven deadly sins. There are some twists though somewhat expected but still exciting. I cannot wait for the next installment to see who is chosen as the next King.

When is the next book coming out?!?!? I absolutely loved this book. So much of everything and I so was not expecting the end. I have cried, laughed, and raged at this book. So much going on and it all works out beautifully. I knew from the start that she would pick the Prince of War and I can't wait to read more of their story. So when is it coming?!?!??

I have told so many about this book. It is a new twist of a classic theme. I can not begin to give the authors and this book enough praise. read this get hooked. Connect with the authors. If you love Harry Potter, beautiful creatures, the mortal instrument series, or really any book ever that pulls you in and makes you love reading and being a strong person you will love it. Best part the authors are so connected to their fans and so dedicated to their work, family and all of those who love their book. A example of that is this book came out the beginning of April. They are now going to release the sequel in a few weeks time. Book lovers will feel my pain in loving a series and having to wait a year or more. With this series you don't have that. Read it I promise you won't regret it

I was super skeptical when I bought this book. But from the beginning, I was hooked. I finished it in about 6 hours. I normally don't have the patience to read an entire series or even get to the second book. But now I'm frustrated I have to wait for the next book. It's THAT good. Ladies, Fen is the best male character I've read; he's not just insanely hot (as I imagine him), his character also has a lot of depth, and he is equal parts caring and badass. Arianna is sassy and doesn't take anyone's crap instead of whining and "woe is me", and I want to high five her for everything she says instead of make her shut up (which is very refreshing). From the first time she met Fen, I was rooting for them. And the ending was fantastic, just enough of a cliff hanger that I'm want to get the next book. The writing is good and flows and sucks you in. The story comes to life when you read it. The world built by the story is a highly interesting take on the whole "other world/hell" thing. And I'm stoked for the next book!

Didn't realize this was a new series before I bought the book :\ Now I don't know how long I have to wait for book two! Loved the book, love the characters, love Baron! I am all about a female lead that is full of spunk and sass and Ari definitely fits the bill. Oh book two (and beyond) please hurry!!!

I tend to really like these authors, but this series really didn't hook me. But that could be just me. Still, it was entertaining, well paced, well written, and I read through the whole book easily. The four star is really because I enjoy the vampire part, but I'm not so into shape shifters. If you like both,

then this is a great series for you. Let me emphasize - this is a series! By definition - it's not the whole story. So if you don't like a cliff hanger or to be continued ending, this is not the book for you. Or realize that you're just going to want to buy the whole series to see how it ends. The authors worked hard to write it (it's insane the hours that go into putting together a good book!), so don't be stingy ;).
