Customer Reviews

I got several Vienna guides for my upcoming trip and this one is by far the best one of the lot. This

city guide gives you everything you would need to explore the city. It includes a city map with a recommended trail to maximize your sightseeing. I was also drawn to this book to see the top 24 sight recommendations, this book made me really excited to embark on my trip! You are provided with some basic historical information on each sight to help you navigate the city and landmarks. In the bonus section, you are given some good recommendations on where to dine, including the best restaurant in town. Highly recommend this book to the traveler.

Enjoy reading it it's simple and also give you the history behind every site that you might want to see

Gives some interesting facts on it's recommended sights, but doe not provide operating hours, cost, how to get there, etc. one could do better getting info from online city guides....save your money
