Customer Reviews

David Spiceland is professor of accounting at the University of Memphis, where he teaches intermediate accounting and other financial accounting courses at the undergraduate and master's levels. He received his BS degree in finance from the University of Tennessee, his MBA from Southern Illinois University, and his PhD in accounting from the University of Arkansas. Wayne Thomas is the John T. Steed Chair in Accounting at the University of Oklahoma, where he teaches Introductory Financial Accounting to nearly 600 students per year. He received his bachelor's degree in accounting from Southwestern Oklahoma State University, and his master's and PhD in accounting from Oklahoma State University. Mark Nelson is the Eleanora and George Landew Professor of Accounting at Cornell University's Johnson Graduate School of Management, where he has been teaching Intermediate Accounting at the MBA level out of Spiceland's Intermediate Accounting for several years. He received his BBA degree from Iowa State University and his MA and PhD degrees from Ohio State University. Jim Sepe is an associate professor of accounting at Santa Clara University, where he teaches primarily intermediate accounting in both the undergraduate and graduate programs. Professor Sepe received his BS from Santa Clara University, MBA from the University of California

Berkeley, and PhD from the University of Washington.

BUYER BEWARE!! It doesn't have an online access code which I thought was included in the loose leaf book. The description does not say if it does or does not have the access online code which is very misleading and is now a \$250 problem for me. should have stated that if it does or not. Their description mislead me to believe it did have the code. Thanks - just take my money and make descriptions ambiguous.

No code available for the online. Very Vague if that was even available. Paid a lot of money for this book to then have to turn around and pay another company for the online code that was needed for my class.

Well written text book, much detailed with enough examples. Nice material and very convenient to carry the chapters I need.

This was much cheaper than the book for sale at the university. The pages are a bit thin but for the savings, it is worth it.

I am so glad I bought this book! I saved a lot of money, and I will even get to use it for a second class. I will be ordering a lot more textbooks from .

international version

Exactly the book i needed but did not have the access code and withouth the code is not useful.

DOES NOT HAVE THE CONNECT ACCESS CODE. After buying this book I still had to pay another \$99 to get the access code. What a rip off. All new text books are supposed to bring the access code.
