The Magic Of Friendship

Synopsis

Come Join the Adventure and Experience The Magic of Friendship in this Mom's Choice Award - GOLD Recipient book. Incorporating themes of bullying and friendship amid the Indian culture, The Magic of Friendship connects with children internationally. Grabbing the attention of young readers, The characters come to life through the vibrant illustrations. Does a smile or a laugh have trans-formative power? It does in a special place called Tadoba. The Magic of Friendship is a remarkable tale of the trans-formative power of companionship, particularly for someone who is lonely and never really had the gift of laughter. A flock of migrating geese stumble upon Tadoba, the land of the fierce tiger Babbar who does not tolerate anyone in his area. Will Babbar show any mercy? Can he change? Will the geese make it to safety? This is a story about change -- a transformation that comes with the magic of friendship. Personality may not change, but nature can surely change. Guaranteed to get a giggle out of kids, The Magic of Friendship also provides plenty of opportunities for readers to connect with the characters in richly detailed, mesmerizing illustrations. The focus is on friendship and its healing effect while the story is spoken from the viewpoint of a father and son in a multi-generation relationship. This Award Winning picture book is perfect for read-aloud fun and is also appropriate for beginning readers.

Customer Reviews

The Magic of Friendship is a recipient of the prestigious Mom's Choice Award - GOLD. The Mom's ChoiceAwards® (MCA) evaluates products and services created for parents and educators and is globally recognized for establishing the benchmark of excellence in

family-friendly media, products and services. Using a rigorous evaluation process, entries are scored on a number of elements including production quality, design, educational value, entertainment value, originality, appeal and cost. Around the world, parents, educators, retailers and members of the media trust the MCA Honoring Excellence seal when selecting quality products and services for families and children. The Magic of Friendship is a fun & interesting story... builds a strong & lasting friendship. - Ms Nirmalie Rodrigo, Retired School Teacher

Award Winning author Subhash Kommuru migrated to the United States along with his memories of childhood and youth. Now he is a parent; like every immigrant, he longs to introduce his child to the culture and values of his upbringing. Yet it can be challenging to teach something while you are in the midst of adjusting to a different culture yourself. These stories are his attempt to share a glimpse of his childhood days with his five-year-old son, his inspiration to write short stories that have meaning and provide teaching in some shape or form.

The Magic of Friendship is such a well written book. The illustrations go well with the story. This cute story made my children and me laugh. I enjoyed reading this to my children and they loved hearing it. I found the message of the story excellent. It doesn't matter how big and bad you are you still need a friend to make you laugh. I did get this book for free for my honest review. Thank you Subhash Kommuru for gifting this book to me.

There are mistakes the editor should have found! Used them as "teachable moments" with my students. Otherwise, it's a nice story.

Such a great book for kids! I was sent this eBook for free to review and I read it with my six year old last night. We both really enjoyed it. She thought it was funny but it also taught a good lesson about friendship. I like that the author incorporated another culture and we were able to talk about it and explore, more in-depth, with her about the culture of India and things that were mentioned in the book.

An excellent read! Share this great tale of friendship with my 4, 6 and 8 year old and they all loved it very much. Definitely one that is read often at bedtime. Definitely a recommendation for those with little ones.

This beautifully illustrated book tells the story of a bully who is just misunderstood. Set in India with animal characters that have Indian names, we are treated to a story about friendship and understanding that transcends cultural differences.

A fun book, well written and illustrated. Ideology is just right for children, with nice Indian culture injection.

I loved reading this book to my 18 month old. He was amazed by the pictures and I think it is a great learning book. Well done!

Fun
