Customer Reviews

Wallpaper* City Guides are compiled by the magazine's travel experts, both by in-house editors, and correspondents who actually live in the highlighted cities, providing up-to-the-minute information.

I absolutely love every single one of these guides by Wallpaper*. They are directed towards people more into art, design, and the more trendy locations in each city, but if that is what interests you, you will love them. They always recommend places where locals might check out and are not huge tourist traps. The restaurant and bar recommendations are always spot on!

Although small and easy to carry about, these Wallpaper editions (I also bought one for Madrid) are filled with beautiful photos, mostly of hotels, eateries and shops a person on a budget would not visit. The first few pages were great, as they spoke of Seville's highlights (the cathedral, Alcazar), but much of the book is dedicated to upscale places.

Hi am a personal assistant and book high-end luxury travel for my employer. These books are excellent to find top-notch, boutique hotels, fabulous restaurants, and non-touristy destinations. I purchased Madrid, Barcelona and Seville and they are all great.
