This was a very nice book and I think anyone would enjoy reading it, especially around the holidays . . . from the back cover:EVERGREEN by Rebecca Germany. To fill the void of her first holiday alone, Nora, a string reporter for the local paper, agrees to do a story on the homeless shelters--accompanied by a certain rakishly handsome photographer. Is Rick Thompson too good to be true?SEARCH FOR THE STAR by Mary Hawkins. To Jean Drew, Christmas is a time to work, not spend with family. Until this year, that is, when she's invited to spend the holidays with her niece --and then to witness her wedding. Also on the guest list is Dr. Jonathan Howard, a man who once embodied all of Jean's dreams. Could they have another chance at love?THE CHRISTMAS WREATH by Veda Boyd Jones. Jennifer Faucett is dwelling in the past, not dreaming of the future, as she prepares to spend one last Christmas in the home of her recently deceased grandmother. Next door, Mike Shannon, now a successful novelist, has come seeking peace and quiet--and finding neither when he encounters the woman of his dreams.CHRISTMAS BABY by Melanie

Panagiotopoulos. Christmas amid the ruins in Athens, Greece, on the arm of a modern-day Adonis, sounds like a dream vacation. But there's a much more poignant reason for Christina Rallis's visit -- she has come to meet her birth mother. Christina's Christmas dreams seem destined to come true ...until she realizes she may have to make an unthinkable sacrifice.

This was a very nice book and I think anyone would enjoy reading it, especially around the holidays . . . If you want to read a book that goes straight to your heart, read *Stolen Moments* by Barbara Jeanne Fisher. . . It is a beautiful story of unrequited love. . . for certain the love story of the nineties. I intended to give the book a quick read, but I got so caught up in the story that I couldn't put the book down. From the very beginning, I was fully caught up in the heart-wrenching account of Julie Hunter's battle with lupus and her growing love for Don Lipton. This love, in the face of Julie's impending death, makes for a story that covers the range of human emotions. The touches of humor are great, too, they add some nice contrast and lighten things a bit when emotions are running high. I've never read a book more deserving of being published. It has rare depth. Julie's story will remind your readers that life and love are precious and not to be taken for granted. It has had an impact on me, and for that I'm grateful. *Stolen Moments* is written with so much sensitivity that it made me want to cry. It is a spellbinder. What terrific writing. Barbara does have an exceptional gift! This book was edited by Lupus specialist Dr. Matt Morrow too, and has the latest information on that disease. ..A perfect gift for someone who started college late in life, fell in love too late in life, is living with any illness, or trying to understand a loved one who is. . . A gift to be cherished forever.

This is a fantastic book. Everyone should read it
