Definitely ripped off a bunch of low-quality images from the internet, and couldn't even be bothered to erase all the backgrounds properly or un-pixelize them.

This is better as a source book for Celtic knots rather than as a coloring book. Some of the pages were very simple with lots of white space. Thin paper, printed both sides. Returned.

Most of the designs are much simpler than I had envisioned, so I use them on the days when I don't feel like doing detail work. I do enjoy the repetition and symmetry of the Celtic designs, though.

These are simple designs, and very easy to color. I color in this book when I want to unwind and don't want anything complicated.

It is OK, more like a clip art collection hastily put together into a coloring book.

The designs are so basic. I wouldn't classify this as an adult coloring book at ALL.

enjoying the book. Only bad point - some lines are too thick
