Customer Reviews

Book Details:Format: PaperbackPublication Date: 10/5/2007Pages: 71Reading Level: Age 12 and Up

I found this book to be informative, with great 'common sense' life instances included, however it is, as many other books of this nature, only as good as, and will help as much as a 'Parachute' that only works when it's opened! One has to believe and implement what one reads!

Great way to Connect with your teen. Both can learn so much and is life lessons that everyone needs to know. Working with a purpose in life and thinking ahead.

I purchased this book thinking it would be an addition to my activities while teaching the 7 habits book. There was nothing useful in the book. The workbook has all of the necessary curriculum, but not this activity guide

If you are a teacher looking to integrate the "Seven Habits" in the classroom, all of the Sean Covey materials give you extra elements to integrate into a lesson. Add this to your collection.Dave

I was very pleased with the fast shipping of the books. I needed them for a workshop I was conducting and the books arrived in a timely fashion
