## Customer Reviews

I read a lot of interactive erotica and Amanda Clover is maybe the best in the field. This book might be her masterpiece as it tackles the ambitious idea of controlling a young woman on a day of sexual

adventures. I was worried it might get repetitious but the author creates scenario after scenario that all feel unique. Just about anything that you can imagine happening to a sexually adventurous woman can happen. Sex with the neighbors? Orgy? Seducing a best friend? Glory holes? Sex parties? Random hookups? Freaking cosplay? I have barely scratched what I have found so far and after a few weeks, I still have parts of the book I haven't read. As a long time writer, the author knows how to build characters even in a short time. She understands grammar which can be a rarity in the erotic section. Most of all, she knows how to have fun with a story and you will never ever be bored with the choices in this book.

The best dirty read I've experienced in a long time. Full of steam with huge variety of sexual encounters and characters. The book is about a young woman who wants to have a crazy, wild day, full of sex and fun. She's hot, confident, cocky and knows what she wants and how she wants it. Well, it's you, the reader who says what she wants. But once you put her in the desired direction, nothing can stop her. From the usual hot young men and women, to older guys and even drunken hobos. You can go as wild as you want it. The CYOA elements are great. You choose not only the general direction of the story, but also little things - like the type of sex you want to have with a character, the sexual positions, or how far you want to go during each encounter. I would've probably liked if there was a little more foreplay before the sex scenes, if the main character was a little harder to get. If you want a quick, dirty read, covering all kinds of fetishes and kinks - this CYOA story has it all. It's great to see the author back. Looking forward to read more of those naughty books.

Living a day in the life of a blonde, teenage nympho, you choose how your sex filled adventure will unfold. There are a variety straight, lesbian, and bisexual encounters to partake in, with you choosing which encounters to pursue, and some say as to how the encounters will play out. There are very many possible encounters, choices, and endings, with steamy sex scenes every step of the way. The characters, scenarios, and dialog are believable and realistic, making it easy to lose yourself in the fantasy. The sex scenes are very hot, and sometimes tender and passionate. It could have used a bit more proof reading and editing, as I encountered a few spelling and grammar mistakes, but it's a minor issue. This is a great erotic CYOA book, and I'd love to see more like it from this author.
