## Customer Reviews

Add this name to Julianne and whatever lady name is being used for whatever crochet book that is translated poorly into English. Filet in one day in 26 pages? Nope. Nothing but history in this book

No true teaching so nothing to learn. Maybe a bit of history. Not worth what I paid for it. Sorry.

Waste of time unless you know absolutely nothing about crocheting. Filet crocheting is just a matter of chain stitches and connecting them with the basic crochet stitches.

I read product descriptions when I decide to buy a product. This product description made me decide not to buy this book.
